Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Ancient Roman Gardens Farrar Linda

Linda Farrar has produced a gem. This book shows with care, sensitivity and scholarly love what made a Roman garden. She discusses the plants found in the garden but also writes with great skill how the Romans situated statues in the garden.

Ancient Roman Gardens: Farrar, Linda: 9781840151909 ...

Linda Farrar traces the development of Roman gardens from their humble origins as vegetable patches to the sophisticated forms seen at the height of the Empire. She considers all types of gardens - domestic and public, in town and country, large and small in scale - and her study features evidence from gardens in Italy and from sites throughout the provinces of the Empire.

Amazon.com: Customer reviews: Ancient Roman Gardens

The garden opens out from the back terrace of the house and is overlooked by the house's dining

and reception rooms. Long and landscaped, its central features are two canals built to replicate the River Nile, flanked by statues and large trees. It is in fact, much like the garden of a country villa than a Roman town house.
