Amazon.com: Customer reviews: EMERGENCE: Incursion: Volume 3

As a writer, Emergence signifies a return to the post-apocalyptic world: a place that is at once terrifying and one where hope and fortitude allow the human spirit to triumph against overwhelming odds--something our species has excelled at through the millennia since we emerged from the primordial dust. Welcome to the Emergence Series!

Volume 8 in the bestselling post-apocalyptic series, Emergence is now Live! Five months after the release of the West Nile Virus designed to eliminate the alphas, the human race seems like they may have turned the tide and regained a foothold on survival.

JT Sawyer, Author | Post-Apocalyptic Zombie Thriller Books

Highly contagious or transmissible disease and has the potential for very rapid spread irrespective of national borders, causing serious socio-economic or public health consequences. This term is used in the global setting, as nothing is technically exotic or foreign.

TEDA/EEDA Exam 1 Flashcards | Quizlet

This study examines how new social categories and identities emerge within a post-incursion environment, where a biosecurity threat is perceptible but largely unknown. In this context, emergence refers to a natural occurrence where individuals socially align or cluster around key social properties (Thagard and Findlay 2012).

Candida auris is an emerging global healthcare-associated pathogen. During July–December 2018, four patients with C. auris were identified in Victoria, Australia, all with previous overseas hospitalization. Phylogenetic analysis revealed putative transmission between 2 patients and suspected overseas acquisition in the others. Vigilant screening of at-risk patients is required.
