Sample Research Paper on Hurricane Katrina. Hurricane Katrina is one of the worst storms to have hit the Eastern coast of the United States leading to massive loss of life, destruction of property, and economic losses. There were numerous factors that contributed to the disaster being the worst in history including the physical and human geography as well as social factors such as poverty and gender marginalization.

## **Sample Research Paper on Hurricane Katrina - Essay Writing ...**

Hurricanes get their start over the warm tropical waters of the North Atlantic Ocean near the equator. Most hurricanes appear in late summer or early fall, when sea temperatures are at their highest. The warm waters heats the air above it, and the updrafts of warm, moist air begin to rise. Day after day the fluffy cumuli form atop the updrafts.
